

Press Release
October 9, 2009

McKillican Acquires Assets of Panel Source International, Inc.

McKillican American, Inc., one of **North America's largest building products distributors** has completed the acquisition of the assets of Panel Source International (**PSI**). Started in the 1990's, **PSI** has become one of the leading suppliers of **sustainable and environmentally friendly wood products**, including **pressure and fire treated construction grade lumber and plywood**.

As sustainable green building and development practices grow, the acquisition of **PSI** will enhance McKillican's position to achieve our goal of becoming **the leading source of eco-friendly wood products** that are specified and used in green building standards, such as LEED. The acquisition of **PSI** will expand our reach into the Lumber & Building Material Dealer (LBM) and Commercial Builder segment which is **PSI's** primary market.

McKillican brings a much larger distribution footprint with its **21 distribution centers** making product availability much more convenient for our customers. Geographically, **PSI's** customers are located throughout the U.S and Canada with extensive sales into Canada and the Eastern U.S. and all these markets will continue to be serviced by McKillican.

Key employees from **PSI** have joined the McKillican sales team and will work under our newly created **Green Building Information Center (GBIC)**. Team members from the **GBIC** will work closely with our job tracking process and will follow-up on jobs which require our products and certification submittals and downloads. **McKillican is a Chain of Custody Certified Distributor**, in addition to being a member of the **USGBC**.

The acquisition of **PSI** will provide McKillican with immediate growth opportunities in these new product categories and market segments. The acquisition of **PSI** is our second acquisition in 2009 after acquiring American Hardwoods, located in Phoenix, Arizona earlier this year.

For further information please contact Shauna Murphy, Director of Commercial Projects smurphy@mckillican.com or call toll free 1 877 464 7246.
