February 3, 2009

To Whom It May Concern:

Thank you for your interest in Boise Cascade's Evergreen™ (MR) Particleboard. This innovative product line from Boise Cascade combines the best of sustainable building products with the added benefit of moisture resistance.

Whether, you are looking for the best performing industrial pine particleboard, an NAUF product, or a moisture resistant panel for demanding applications, Boise Evergreen™ is your answer. Available in 4' and 5' widths, thickness from 3/8" to 1-1/8", as well as countertop and shelving sizes for what ever your application or project requires. Evergreen meets the AWI specification for premium countertop grades with a thickness swell of 5% or less, and less than 10% water absorption in a 24 hour soak test (ATSM-D 1037)

If you are interested in obtaining a sample or require additional information, please contact a Boise Cascade Sales Manager today.

Thank you for your interest,

Steve Stoler
General Sales Manager
