KCMA Environmental Stewardship Program

The Kitchen Cabinet Manufacturers Association (KCMA) has developed an Environmental Stewardship Program (ESP) with defined certification requirements to enable cabinet manufacturers to demonstrate their ongoing commitment to sound environmental practices and sustainability. (For more information please see www.kcma.org Click on *Visitors & Consumers – On line Press Kit*)

Roseburg Forest Products has compiled the information below to provide our KCMA member customers with required documentation and certifications necessary for application for the KCMA Environmental Stewardship Program.

I. Air Quality

Roseburg Forest Products certifies Roseburg UltraBlend and Roseburg Pine particleboard meets the formaldehyde emissions levels of CPA 2-06 and complies with ANSI 208.1 Table B. (See attached EPP CPA 2-06 Certificates of Compliance)

Roseburg Forest Products produces softwood plywood to U.S. Product Standard PS1 and hardwood plywood to ANSI HP-1 for Hardwood and Decorative Plywood. All panels are stamped with the trademark of the certifying agencies. (See attached letter of certification)

II. Resource Management – Product:

Roseburg Forest Products certifies Roseburg UltraBlend and Roseburg Pine particleboard meets the EPP CPA 2-06 specification for recycled/recovered fiber content. (See attached EPP CPA 2-06 Certificates of Compliance)
